

## Join Arbor Bank and MSP Consulting on Wednesday, March 27<sup>th</sup> for: **Merchant Processing Best Practices**

Mike Higgins with MSP Consulting will share insights to help businesses better understand how to optimize their merchant account.

Mike will cover topics and answer your questions about:

- Types of fees paid and how to minimize these fees
- What types of merchant account pricing and terms should be avoided
- Tips related to fraud avoidance and PCI security
- Mike will also share customer case studies, examples of contract fraud, and tangible ways to maximize profits

**Register today for the location nearest you. Seats are limited.**
